

Welcome to iNESS Australia, our mission is to equip & educate Young Australians with the skills and knowledge to enable them to use the internet safely whilst making them aware of their rights and responsibilities in the cyberworld

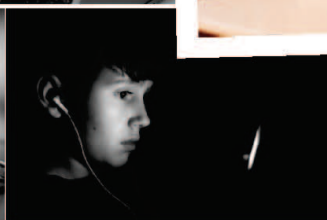

iNESS creator, Brett Lee, worked as a Queensland Police Officer for 22 years, 16 of those as a Detective in the field of Child Exploitation. In the 5 years prior to his retirement from the QPS, he was a specialist in the field of undercover internet child exploitation investigations.

Brett has been personally involved in the online investigation, arrest and prosecution of numerous offenders whose medium for preying on children is the internet.

Brett Lee
Internet Safety Consultant

- FBI Advanced Internet Course - Child Exploitation (Maryland, USA)
- Worked with Dept. Of Homeland Security Cyber Crimes Centre (Virginia USA)
- Worked with San Jose Internet Crimes Against Children Taskforce (California USA)
- Delivered training in the field of child exploitation internet investigations to law enforcement bodies including, New South Wales Police, West Australian Police, South Australian Police and Australian Customs
- Training of plain clothes police through Detective Training and Sexual Crimes courses in online child exploitation investigations
- Queensland Police Commissioner's Gold Award and the Crime and Misconduct Commissioner's Award for his role in the development and implementation of software that is now utilised by various Australian law enforcement agencies to track and identify online child offenders

POWERFUL - UNIQUE - ENGAGING PRESENTATIONS

delivered by a former Undercover Internet Detective

Internet Safety & Cyberbullying Presentations for Students, Parents & Teachers

- Chatrooms
- Messaging (MSN)
- Social Networking (Myspace – Bebo – Facebook etc.)
- File Sharing Programs (Limewire etc)
- Cyberbullying

Presentations tailored to meet your specific program and risk management needs.

Our presenters have seen the internet through the eyes of a child. The audience will witness the real face of the internet like they've never seen it before.

The message of internet safety and cyberbullying is simple, the challenge is effectively passing that message onto others. INESS have the credentials, experience and integrity to maximize the impact of this message through face to face presentations that include:

- Real life internet crime cases from Australia
- Instructional Videos
- Pictures and Screenshots

For Students:

- How the programs they use work
- The dangers associated with using those programs
- How they can deal with and avoid those dangers
- Their rights and responsibilities in the cyberworld

For Teachers:

- You as a target on the internet
- Communicating with students outside of school hours
- Placing personal information on the internet
- Indicators that a child might be at risk on the internet or from cyberbullying

For Parents:

- Where their children are going online
- What their children are doing online
- Methods and techniques used by internet predators
- Indicators their children may be at risk
- Protective and preventative measures

We don't only outline what to avoid, we explain why and back it up with real life examples.

If you have internet safety or cyberbullying issues INESS is the answer, this is the most powerful presentation of its type available in Australia.
